ABOUT OUR SPEAKER

Founder and President of Diversified Waterscapes, Inc., Patrick Simmsgeiger is a Licensed Aquatic Pesticide Applicator, Landscape Contractor, and Certified Lake Manager. He is one of the few individuals in the industry who is an expert in all stages of aquatic treatment; from product development and manufacturing, to application and treatment. He specializes in watershed and water quality management in lakes and reservoirs. Patrick has over four decades of experience. He is the only applicator that also manufactures an EPA registered chelated copper algaecide, which has been in use since the 1970s.
