- Is your HOA ready for the inevitable Electric Vehicle (EV) Revolution?
- What are the steps that HOAs would take to evaluate an HOA infrastructure readiness?
- Who are the key players and professionals needed for the EV infrastructure evaluation process?
- Timelines for evaluation, possible upgrades and construction.
- What kind of costs are involved and who pays for what?
- Owner responsibilities versus HOA responsibilities?
- How can an HOA manage owner expectations?
- What are the legal requirements related to EV charging, electricity consumption, building and construction upgrades and charging station requirements?

Laura V. Kwiatkowski, Esq., CCAL

Laura V. Kwiatkowski is an attorney and a Fellow in the prestigious CAI National College of Community Association Lawyers (CCAL). Laura has been representing community associations throughout Southern California for over 20 years and is a frequent speaker at numerous community association educational programs.

Andrew Lizardi

Andrew Lizardi is an SDG&E Clean Transportation Representative. Andrew has significant experience in helping guide Communities such as HOAs in the EV infrastructure evaluation, construction, and upgrade process.
